## PREFACE

What is science? It sounds like a very sophisticated medical term. *Biblically*, the word in Greek is gnostic. A gnostic is *spiritual* knowledge.

They can see beyond the physical world, the very hidden foundation or smallest piece of matter. The mystery is, who can ever know what is the tiniest piece of reality? The *Bible* makes this distinction.

## INTRODUCTION

The Apostle Paul teaches Timothy not to waste his time with falsely, so called “Science.”.

The Greek word “gnostec” is false knowledge and therefore, not defined as a real science, “*O Timothy, keep that which is committed to thy trust, avoiding profane [mankinds] and vain [useless] babblings [debates], and oppositions of science falsely so called*” (I Timothy 6:20).

In Greek, “true science” is the word “epi” which means “*a beginning,*” or “*from the start of the creation, epi-gnosis.*”

In studies of later ages by going backward. This can never work because there are too many possibilities. There is deductive reasoning from the beginning trying to use logic with all the possibilities.

God from the beginning, declares He has no limitations being Eternal and can do whatever He chooses. He is the real Godhead, all that can be.

“God is the beginning” and in scientific jargon is called a Singularity – the point where all began. Throughout human history “science” has had a plethora of singularities from strings to “*the big bang*” and “*gravity.*” The mother of all theories is still unknown. Quantum mechanics keep scientific imagination busy with mathematical formulas. No certainty or facts as yet.

**“Babblings” continue.**

Wait a decade or two and more assumptions will make sense. Whatever an individual’s five senses detect is another theory. That is human science by mankind without God. God said, “For my thoughts are not your thoughts [mind imaginations], neither are your ways [hence survival] my ways [love-no ego], saith the LORD. For as the heavens are higher than the earth [human] so are my ways higher than your ways, and my thoughts than your thoughts” (Isaiah 55:8-9).

You need to deeply consider God’s words. Even if you know everything about the universe, you would not even be close to “*the truth of reality.*” You cannot ever discover what or who God is or all the creative abilities He has. Man can create a robot, but that is Mickey Mouse “tinkering.”

Human science, finally, has acknowledged many more dimensions to measure which they do not have the knowledge or abilities to understand. Babbling goes on in Babylon which only creates “confusion.”

Job said the same as Isaiah wrote, “I know that thou canst do every thing, and that no thought can be withholden from thee. Who is he that hideth counsel without knowledge? therefore have I uttered that I understood not; things too wonderful for me, which I knew not” (Job 42:2-3). Job repented and decided to follow God’s thoughts and ways (Job 42:6).

## GOD’S MIND

When you “repent” is to choose God as your teacher.

He is the originator, The True Singularity. You need to start in kindergarten, which means “child’s garden” in German. It is much like the beginning of learning in The Garden of Eden. Humans think only “in part” one ideology at a time, which is what human science does. Paul wrote, “*we only know knowledge in part*” (I Corinthians 13:9). Humans do not think “spatially,” only God does. God, who senses “*the whole*” with His mind, demands God thinks of every part and particle at once. His mind has “spatial” abilities.

You cannot have God’s mind until you have been given by God, His mind, “*For now we see [perceive] through a glass [mirror], darkly, but then face to face [no reflection]: now I know in part; but then shall I know even as also I am known” (I Corinthians 13:12). Until God reproduces Himself in His exact image, you can only think “in part” which can take ages to perceive each discovery. That is man’s science.*

Deduction from a point in time only increases your need to know more than you have learned so far.

“Inductive thinking” discovers *who* and *what* God is when your desires and your heart choose Godly “*science*” over man’s “*science*.”

# CHAPTER 1

## REPENTANCE

**“*Repentance*” can create “*a change of mind*,” Christ warns once a mind is cleansed, it can be refilled with more garbage to be thrown out and burned up – that is if an individual does not fill the mind with The Word of God.**

### INDUCTION – DEDUCTION

**A mind left to itself can be very frail. Your desires, wishes and hopes are very individual. Idols can be very harmful and even destructive to any individual who looks to heroes, power, money or anyone or anything other than God.**

**But every human has *free choice* and complete *liberty* just like God. God, by nature, has perfect character and would do nothing harmful to you or any of His creations. God is “love” with no ego or self interests.**

**Humans, because of self survival are ego-centered to be healthy and secure.**

**Jesus can change an individual’s mind from destructive and harmful demands (energy). To be cleansed (repent), you must only allow loving and good thoughts to fill your mind and heart. If not, you are wide open**

to “*new false idols*” ending up worst than before. By remaining faithful to God under all conditions, He can help you become like Him.

Always seeking God’s “*will*” and His “*word*” which is The Holy Spirit of God, you are guaranteed Salvation.

Contrary to God’s mind is a “*mind*” which only can “*reason in part.*” Mankind’s logic is short sighted (too see) and never arrives at it’s goal and death is the result.

Jesus outlines your path to become like God in Seven Steps. 1) *Repentance* is the first step. Read Christ’s 7 doctrines in Hebrews 6:1-3. Perfection is halfway to becoming like God. (Request the free book, Beginners Bible Study). The final goal is to be Holy in God’s love with no ego.

## GOD’S WAY

When you are resurrected and receive clothing for your *spiritual* body, you will be filled with The Glory of God. God’s “*glory*” is all The Goodness of God (Exodus 33). God has specific talents and attributes which He *scripturally* discloses to make His children like Him. Love which is the greatest, faith, mercy, justice and many others are *good* and will not cause no one harm. It is God’s Holiness which you receive when resurrected, if you remain faithful.

Repentance, like baptism, seems to be a contradiction rather than a change of human behavior. It is a

physical act, but more than that, it is a witness to the world. Jesus Christ said, it was necessary to witness all righteousness.

It is the first doctrine of Christ's seven doctrines to perfection. Repentance is a witness and an example, you are to be like God through Christ.

Solomon did it all and nothing was worthwhile – all is vanity. The evolutionists are right, human existence has no purpose.

Almost everyone has idols which have no lasting value or purpose. Human existence has many times of joy, but also is filled with sorrow. “*Happiness*” for the present is temporary when you have no goal for “*eternity*.” As humans there is no reason to live forever. There is too much pain and suffering. God is the only way to an eternal paradise of joy. A true Jubilee.

When you bottom out and feel completely useless it is time for a change. “*Repentance*” is your beginning to seek God in faith and it is a wonderful beginning.

Here are the keys – a doorway to open yourselves from a physical existence to a *spiritual existence*. Hebrews 6:1 said, *your repentance is from dead works*. Dead works are far more than just changing your ways. Repentance is a beginning to follow a new master teacher – God. Everything else are false idols. False idols do nothing and cannot last. Repentance is to follow God as Christ did by only doing God's “will.” He followed every “*word*” in complete and absolute faith.

The next doctrinal teaching is 2) *faith*. This faith is provable and not blind as evolution with its theories never end. Their changeable claims die in the end. Repentance, God's way, is an enormous, gigantic, herculean step. Humans die in the end. Christians are in "*the born-again process*," not as a fully mature human, but as a new born baby working towards a *spiritual* body.

### JUSTIFIED SPIRITS.

Hebrews 12:1 proclaims, there are so many clouds of witnesses you must lay aside every weight (burden) of sin while you run your personal race. Here is the result. "*To the general assembly [congregation chosen] and church of the firstborn [Bride], which are written in heaven [Book of Life] and to God the Judge of all, and to the Spirits of just [forgiven] *mere* [humans] made perfect" (Hebrews 23). That is the "*predestined will*" and "*purpose*" of God to reproduce Himself.*

### GOD OR MAN

Which path of life will you choose? God or mere men? Gnostic teachings is man-made human reason and imaginations through mathematical probability. Should you decide this path, have fun as it will never end leading you "*here and there*."

God's "*way*" is a "*Change of Priesthood*" with God as King over His Holy House. His Sons and family are royalty and will live in an Eternal Paradise filled with

**everlasting pleasure. The question you must ask, is God's "way" a lot easier? Following God is painless and blessed with a future life of constant happiness and pleasure.**

**God's Sabbath Rest is truly easier with God doing the work rather than living this human life. "*Repentance*" is the start of your journey "*to understand the truth of reality.*" You have one of two choices: Follow God or the Science of Man.**

## CHAPTER 2

### THE CREATION

Theological confusion continues, over who and what is *Elohim*. How many days did God take to create the universe? Was the earth the center of the universe – Debates go on and on each believing they know the truth. What does The *Bible* really say?

### GOD IS ETERNAL

The very fact that God always existed and always will, leaves “*all humans*” in a quandary. How can you measure time or perhaps you should ask if “time” is “real?”

You can think like God, the angels or mankind who ends in death, but the choice is always yours to make.

If you live “In God” and do what He tells you, then you are to accept every Word of God. So when you read God created everything – your job is to believe it. You have three choices to make as to how much time it took. 1) Divine time from God. 2) Astral time from angels or 3) Earthly time from humanity.

The *Bible does not* write about seasons, times, or stars existing before the fourth day (Genesis 1:14-19).

**This information is very simple. There was “*no earthly time*” of 365-day years or 24-hour days. There were no stars, either.**

**When God said, He created the heavens and the earth – the word for God in Hebrew is “Elohim” and its verb form is always singular. We know there was nothing else until the fourth day.**

**The earth was the center of the universe since it was not made by God until the fourth day. The universe did not even exist.**

**When God said, “*let their be light*” (a big bang), but only the atmosphere was created. This was the first heaven followed by the earth on the third day.**

**Genesis 1:7-8, defines the first heaven, as our atmosphere with clouds above and below. It is easy to acknowledge the heavens and the earth. In the beginning, because there was nothing more than the atmosphere called “the firmament” with the earth beneath which was covered with water.**

**The earth not only was the center of the universe after the burst of light (a big bang), but the rest of the universe followed, as it keeps growing to this present day. Amazing. The ancients were right and the scientists still have not found “*the truth of the creation.*”**

**Since the earth was covered with water like a baptism, when the land appeared, it was in one piece (no continents) and flat. The earth was a round circle with**

**360° as Isaiah wrote in Isaiah 40:21-22. This explains the beginning of creation in greater detail.**

**First, from the beginning, the foundation of the universe sits on a circle (360°) although small enough to be flat. The heavens (space) as a curtain were spread out (keep growing) as a tent to dwell in (dark matter).**

**Human science has only discovered these facts in the last decade or two. It certainly, has taken thousands of years for the scientists to learn what was *Biblically* told and known over 2,500 years ago. Isaiah is in direct agreement with Genesis 1:1. Godly “*science*” is way ahead of human science, but there is so much more.**

**Scientists call “*space*” – “*a fabric,*” but God goes one step further defining “*space*” as “*a curtain*” somewhat like a veil which hides more truth. Scientists finally, have discovered behind the curtain is the dark matter with smaller elements neutrinos called wimps. These wimps, actually, keep this universe growing and this is their latest discovery.**

**This “*so-called fabric*” warps, as it gets older. It becomes a dark hole with intense, super gravity destroying everything it absorbs until it ends and bursts to exist no more. This is God’s “*life cycle*” of the universe just like a child is born, growing old and then dying. Wow! This is God’s “*science*” from the beginning. Man’s “*science*” will never end, because The Kingdom of God will be eternal like God.**

## KINGDOM WITHOUT END

**Daniel, The Prophet writes, without the presence of God, The Gentiles will come to an end. The Messiah will come and conquer human rules instituting The Kingdom of God forever without end. The Kingdom of God is eternal, everlasting and there is only one Eternal God, Our Father.**

**God, Himself is The Kingdom of God with no end. The gift from God by inheritance is free. Since God is The Kingdom, He must reproduce Himself. Only God has given life to His Son, Christ because now He is in His exact image (Hebrews 1:3).**

**God gave the gift of life to Jesus to give to others (John 5:26), God is The Kingdom, but God is also Science, the truth and nothing but the truth.**

**Science in Greek is gnostic which is truth and exactly what God is . It is circular or eternal. A circle does not stop it just keeps going round and round. A sun is part of a galaxy which goes around to become a nebulae going round and around in a never ending circle.**

**A straight line can also continue to infinity unless a greater force stops it. God is that force with His Son. The Messiah intervenes stopping man's scientific straight line direction. God is circular like the sun having no end.**

**God is the only one who can teach us how to be Eternal like Him in Paradise (Daniel 2:44). God's "sci-**

***ence***” or knowledge is way ahead of all the scientists making their never discovered theories.

**God declares His ways will prevail and Salvation will come from Zion with The Twelve Tribes of Israel (Isaiah 46:8-13). God is the creation and can only be done by God, Our Father.**

**Human “science” as The Word of God proves Godly science is not only ahead, but has the solution to Eternity.**

**You must trace who was The Alpha with “*the truth of reality.*” *The Bible* tells the whole story as you compare The Word of God with “history” and “science” from Genesis to Revelation.**

## CHAPTER 3

### LIBERTY AND FREE CHOICE

One of the most important characteristics of God is His Plan to call us His children with the complete freedom to have absolute liberty and to choose for themselves to be guided by God or their human nature. God receives absolute pleasure from what He builds and does. God consists of love with no ego and getting so much joy and pleasure in doing good works.

### FAITH AND FREEDOM

*“Freedom”* demands *“faith”* and *“faith”* is *“liberty”* with no slavery at all. Romans 8:20 calls a creature, made subject to vanity having no purpose or use, but given hope to become much more.

Initially, humans were created as useless animals struggling to survive. Paul describes the three gifts of God – Faith, Hope and Love (I Corinthians 13:13.) The greatest of the three is Love, which fulfills *The Law*.

Faith is the first gift of God, Hope is the second and Love is the third which is the greatest, because only love is eternal. *“Love never fails [sins]; but whether there be prophecies, they shall fail [rests, leaves, stops] whether their be tongues, they shall cease, changes*

*whether there be knowledge [faith] it shall vanish away [become different or more].” Faith, hope and love are spiritual and Eternal – always existing. Knowledge, tongues and prophecies are human efforts or works, which can be altered or changed.*

That is why Paul wrote, “*Whatsoever is not of faith is sin*” (Romans 14:23.) Being doubtful, one will be damned or condemned, because of a lack of faith.

God gives *spiritual* gifts from heaven. These gifts are “*Faith, Hope and Love.*” These Gifts from God grant the supreme gift of all, “*According as he has chosen [our faith] us in Him before the foundation of the world that we should be holy and without blame before Him in love Having predestined to the adoption (creatures) of children by Jesus Christ to Himself, according to the good pleasure of His will* (Ephesians 1:4-5).

“*Because the creature itself also shall be delivered from the bondage [slavery] into the Glorious [God’s Goodness] liberty of the children of God*” (Romans 8:21). How does God give these gifts to make you Holy to be like Him?

Romans 8:24-25 How can we wait patiently? *For we are saved by hope: but hope that is seen is not hope: for what a man sees, why does he yet hope? But if we hope for that we see not, then do we with patience wait for it* (Romans 8:24-25). Paul answers, “*Likewise the Spirit also helps our infirmities [weakness] for we know not what we should pray for as we ought [humanly] but the spirit itself makes intercession for us with groan-*

*ing which cannot be uttered* [human prayer.] *And he that searches the hearts* [how sincere] *knows what is the mind* [honesty] *of the Spirit because he makes intercession for the Saints according to The Will of God*" (Romans 8:26-27).

As humans, you do not know *good* and *evil*. Only The Holy Spirit reveals what is right for your spirit. According to your sincerity, The Holy Spirit of God determines the right thing according to the will of God.

So clear! The Holy Spirit does "*the work*" just as with Jesus, The Son of Man. It is God doing the work in you as long as you keep the faith.

Paul gives the conclusion, "*And we know that all things work together for good to them that love God, to them who are called according to His purpose. For whom he did foreknow* [right heart] *he also did predestinate* [the faithful] *to be conformed to The Image of His Son, that he might be the firstborn among many brothers. Moreover, whom he did predestinate* [faithful] *them he also called,* [the faithful] *them he also justified:* [not guilty] *and whom he justified* [forgiven] *them he also glorified* [God's Goodness] (Romans 8:28-30). What shall you say to these things? "*If God be for us, who can stand against us?*" (Romans 8:31). That is the whole story of humanity as animal creatures try to survive with the purpose to become Holy like God.

## PREDESTINATION

Some believe "*predestination*" does away with *free*

**choice.** They do not know what Paul wrote in Ephesians 1 and Romans 8. God does not predestinate “*who will*” or “*will not*” be saved.

What God predestinated was not who will be saved but a reassurance to those with *free choice* to remain faithful. The Holy Spirit is The Voice of God (Hebrews 3:7) who only speaks “*the truth*” (John 17:17). It also discerns your heart’s sincerity revealing to you what way or how much of “*the truth*” can be given to you.

For those who are faithful with an honest heart’s desire, He has predestinated to save you no matter how long it takes.

### POTENTIAL SALVATION

“*Predestinated Salvation*” can only take place through The Heavenly Gifts from God of *faith, hope* and *love*. The predestinated factor needs God’s gifts. If you choose “*faith*,” you will keep on the pathway to The House of God. “*Hope*” allows you to be determined to stick with God as your teacher through Christ as The Author of your Salvation.

“*Love*” does away with fear and torment, stress and despair. The “*love*” of God is the last Gift from God you need to receive from Him, “*There is no fear in love; but perfect love [God’s] casts out fear: because fear has torment [distress or despair] He that has fear is not made perfect in love. We love him because He first loved us*” (I John 4:18-19). That is the predestination of God – a “*Potential for Salvation*” which never ends.

**It is all predicated upon and individual's *free choice*.**

**The knowledge of God versus human knowledge will vanish away which means it changes. "Knowledge" is "truth" which constantly changes as human nature varies with each person. No two people are alike.**

**"*Gnosis*" in Greek is knowledge which is "truth" or "fact." "Facts" can be measured as science has revealed. It can be the "*truth*" of God or Man's science which tries to measure and categorize the facts. *The Bible* will prove that seeking God through His science and method of discovery is far better than man's "human hit-and-miss science." Your choice had better be superior to Satan who deceived Eve with Adam following human science. Who will you follow?**

**Let *The Bible* prove, *scripturally*, whose way is the right and superior way.**

## **CHAPTER 4**

### **THE CAVEMEN**

**Archeology proves, the first humanoids were homo-erectus who lived in caves like the Neanderthals in Germany. From Britain to Africa, cave people lived in caves, lacking speech and understanding.**

### **PREHISTORIC BEINGS**

**The oldest humanoids were found in Africa. Cave dwellers have been found in other parts of the world.**

**Languages and alphabets were not discovered, but these creatures did walk upright and were called homo-erectus. They walked upright on two feet like humans do today. The Apostle Paul knew this by calling them creatures with hope in becoming Sons of God (Romans 8).**

**Before archeological scientists found evidence of these humanoids two thousand years ago, The Apostle Paul knew about these creatures.**

**Six thousand years ago or more, a new breed of upright beings were found. They were amazingly different. They had the same genes, but their D.N.A. had mutated to an advanced human state. What caused this change to humans with superior intelligence?**

## GOD INTERVENES

*The Bible* is quite plain stating God Himself caused the mutation. It was not evolutionary by time or changing instantly on its own. The *Bible*, over four thousand years ago, knew better than science today. It is indisputable.

God, in the first five days, prepared the world with humanity as we know it, homo sapiens, with superior intellects on the sixth day.

God in speaking to the whole heavenly host of angels, as his helpers, made a declaration, “*Let us make man in our image after our likeness*” (Genesis 1:26). This was not a new creation evolving over ages, but instantaneously as God describes. These new homo sapiens were to have dominion over the entire world as royalty, as kings and priests. These royal ones were more than kings but extremely “*just*” as merciful priests. They were to be kings who ruled by being so “*just*” – no trials would be needed.

This kingly priesthood was named Melchizedek meaning kings of peace and produce prosperity, a Paradise upon the earth. This first king/priest was Adam. In Hebrew, Adamah, was one of a kind. God, from the beginning coronated Adam to have dominion as a king/priest, “*and let them [Adam] and [Eve] have dominion [a coronation] over the fish of the sea and over the fowl of the air and over cattle and over all the earth and over every creeping thing that creeps upon the earth*” (Genesis 1:26). That goes beyond the animals, but includes Adam’s wife,

who became Eve, “*So God created man [first] in His image [God’s] in the image of God created he him; male and female [Adam and Lillith] created he him” (Genesis 1:27). Lillith came out of Adam’s bone equal to her husband as king and she was the queen. After Lillith sinned, she lost her crown as well as Adam, who followed her in eating of the poisonous Tree of The Knowledge of Good and Evil. Adam was a figure (type) of Christ to come (Romans 5:14). Their loss of royalty had a seed to come and restore what was lost. God had to replace His Son, Adam, with a future promised seed (Genesis 3:15).*

Satan and those following him would be, continually, biting the seed of Eve’s heel, but a progeny of Eve would bite Satan as the head.

The rest of the *Bible* tells the prophecy of how Christ would, finally, restore eternity in Paradise – The Rest of God.

All this “*truth of history to come*” was known long before human science would grapple in confusion. Suddenly, homo sapiens had superior minds with languages and alphabets to answer the question of the humanoids and homo erectus. This Truth of God was preached over six thousand years ago. “*Human reason*” as “*science*” has come to understand this reality only twenty-five years ago. Wow!

Adam was created as the first homo sapien with a greater intellect than previous humanoids who possessed the same D.N.A. which had instantly

mutated to mankind. “Kind after kind.” Both were royalty from the beginning, but lost their crowns by sin (Romans 5:12).

The age of human reason in the 1600 to 1800's replaced God with human science which was antiquated from the beginning. Adam and Eve ended the cave-men except for those who insisted on being like those who continued to live in the past. Humans can find those who resist technology and like the past because they have more freedom of *free choice*. Some leave metropolitan areas to be free to live as they choose though they be homo sapiens.

During the golden age of The Greeks about 300 B.C. those being far away from society were called “*pagans*,” “*the unwise*” country people. As opposed to the city dwellers who were called “*the wise*” because they were educated. The Apostles called these pagans, barbarians, “*I am debtor both to the Greeks, and to the Barbarians; both to the wise and to the unwise*” (Romans 1:14). Pretty simple.

Homo erectus had died out, except maybe Big Foot. Homo sapiens, with better intellect, populate their growing world trying to resolve human survival needs. Who will win or succeed – God or human reason?

## HISTORICAL RECORD

Right from the beginning Godly “*science*” is proven to be factual. Man’s “*science*” is so far behind. It is only approaching comprehension of what God *scripturally* revealed over four thousand years ago.

**By studying *Biblical* truth as compared to man's science, you will discover human intellect will constantly be in debate, as theories. Many more discoveries revealed more errors and falsehoods with so many miscalculations.**

## CHAPTER 5

### A REPROBATE MIND

God allowed the world to be “*reprobates*” following their own science without God, because they had wrong hearts though they knew The Truth of God. Humanity seeks pleasure first above God and His scientific facts.

### PLEASURE FIRST

*“Who knowing the judgment of God that they which commit such things are worthy of death, not only do the same, but has pleasure in them that do them”* (Romans 1:32). God allows man’s science which is knowledge, but never solves humanities survival needs which means man is destined to die.

The historical proof of the folly of human “*research science*” is its constant changing theories with new research altering past and present findings. To think you have the truth and later find out you were wrong is not a successful system.

### MATHEMATICAL PROBABILITY

Mankind can find truth is reality by their human experience. Multiply the world population with billions of ideas by their D.N.A. births and their human

experiences.

Mathematical probability is employed. Choosing an idea is called a “*hypothesis*” – a logical probability. But it is a “*guess*” at best. By multiplying the idea over and over until you are 95% correct, is known as research which means you only find your conclusion from constantly experimenting. When the odds prove to be correct almost 100% of the time, finally, it is known as a “*theory*” or “*most likely*.”

It is still a gamble, but reduces the probability of failure. It is like studying a card game called black jack. Professionals, studying the likelihood of success is their science. Some card playing scientists win and make a success as professional card players. But like university science, sooner or later one loses. Why? It should not have failed since it is the exact formula used in studying the universe.

What is the weakness of human reason on its own? No one has found the mother of all theories, known as M.O.T. Even man's science acknowledges its false methods to finding “*the absolute truth*.”

Science began with the first humans deciding truth without God. God demands He should be the point of origin.

Facts are factors in mathematics, one can measure eternally as truth. God claims He creates all things (Hebrews 3:4) where as humans can only guess. Even if man's science can be proven by mathematical prob-

**ability not one of you existed at creation.**

**What would you do if two or more theories would be right mathematically, but does not agree with others though mathematically correct. That is exactly what occurs almost every time.**

**Einstein proved “*time is relative,*” but the quantum mechanics with gravity prove they are not in harmony – only recently. Science finds physical laws are not all there , but new dimensions of mathematical measurement are need to be discovered outside of physical laws.**

**Physics demands the speed of light is set at a maximum. In a new dimension – light can travel instantly. God has proved that a day with God can be day or a thousand years. God revealed this thousands of years ago and there is much more to go.**

**Man’s science never finds the real singularity, but only mathematically – guessing. Human science is unending and never gets to the truth. That is “*blind faith.*” God calls those who forever search for the truth and never find the answers – very foolish. Sooner or later one should decide if they need to change the scientific system being used. The message should be, after 2,000 years, science’s method of research is not finding the solution.**

**The “*knowledge*” of God of science insists you should prove and hold out “*the truth*” which you have substantiated. That is “*faith*” predicated upon substance**

**and not blind faith. You accept God as Creator and to prove “*the truth*” you only require to find out if *The Bible* reveals “*this truth*.”**

**Physical human science still does not know what brought about the universe. An accident is not a solution, only an unknown mystery. As *The Bible* writes “*forever learning*,” but never finding the truth.**

### **GOD'S TRUTH**

**A reprobate mind does not truly want the answer, but enjoys the search. Joy and pleasure is the goal rather than knowing “*the truth*.”**

**It is like seeing a movie or reading a good book which is enjoyable, but changes nothing within them. You only look forward to finding another pleasurable movie or book. On and on it goes.**

**A reprobate mind is rebellious. It does not seek the truth, but the joy of partial discovery.**

**Pleasure which is fun is enough. Real happiness is elusive. Asking a person if are they happy depends on what they are doing, if it is pleasurable or not.**

**God promises an eternal paradise of continual joy and bliss. He wants you to prove Him. God's happiness is internal and not decided by temporary fun.**

**Humans must repent, seek God's solution through faith which will change your heart (desires) and mind**

(how to think).

## CHAPTER 6

### GOD ALREADY KNEW

Christ said, you must live every Word of God and not be limited to part of “*the truth*” (Matthew 4:4), That is the difference between mankind’s “*way*” and God’s “*way*.”

#### A SUMMARY

The difference between inductive reasoning, by knowing who God is and what He is doing, compared to deductive reasoning – what you presently know and what it means.

*The Bible* story, like all books, has a theme. There is a reason why the author wrote the book. From Genesis to Revelations, God is reproducing Himself (Genesis 1:26.)

*Scripture* is the “*word*” of God revealed in how He will make you in His *image*.

Human reason has not been able to discover what started the universe.

By accident, when an individual applies logic does not make sense even for human thinking alone. Some of the ignorant believe the universe and every thing in it is for no purpose. Brilliant minds can and are wrong.

**The beginning of Genesis reveals God and physical science are in agreement. Time in *The Bible* uses Godly “time,” and is “*divine time*,” “*astral time*” or “*earthly time*.”**

**God created heaven and earth and it could have taken billions of years or it could have been done instantly. It depends what measurement of time is used.**

**Over 2,500 years ago, The Prophet knew the earth was a circle of 360° (Isaiah 40). Man's science only found this out several centuries ago.**

**The purpose of this book is to compare many other truths that God knew before mankind found out.**

**This pilgrimage is inspiring and can increase your faith – not blindly, but proven substance as Hebrews 11:1 discloses.**

**Our conclusion will find with Einstein's formula of relative time ( $E=MC^2$ ) coupled with quantum mechanics and gravity, it still has no final answer. Physical science keeps searching for “*the truth*” when God does not, because God already had “*the truth*.” And, if you ask Him, He can begin to reveal it to you.**

## SPACE AND TIME

**The latest scientific theory has come to an impasse. They believe, they have made an amazing new theory. Space, as once thought, is not filled with gas. They were wrong in their former theory. Even more so**

**space is not merely composed of strings or any combination, but is filled with anti-matter.**

**They used to believe the smallest unit of measurement were neutrinos. Neutrinos are the smallest physical parts. The difficulty is cosmologists (those that study the universe) have recently found space has anti-matter which can be said to not be of the physical world.**

**Scientists cannot see them, but have discovered they exist with more modern technology. They named them “*wimps*.” Amazingly, Jesus defined them two thousand years ago. He said, “*spirit is spirit*” and “*flesh is flesh*.” Both are of different matter, as now, physical science admits.**

**Christ defines “*spirit*” is “*like the wind*,” you can not see it, but you can feel it, “*The wind* [pneuma in Greek] *blows where it lists* [wants] *and thou hears the sound thereof, but cannot tell whence it comes and whither it goes; so is every one that is born of The Spirit* [pneuma]” (John 3:8.)**

**Man’s science has finally agreed with Jesus. In Greek, “*spirit*” is “pneuma” which means “*wind*.” In the Greek, the word for both “*spirit*” and “*wind*” is “pneuma.”**

**Now science, to analyze these wimps, need to use non-physical laws, or a new dimension. A dimension means a completely different system of measurement. Laws of physics no longer apply. Wow! Science could have saved themselves two thousand years of intense**

study by reading *The Bible*. Anti-matter spirit, they claim, are spiritual disilicates of the physical universe including human spirits.

Paul, The Apostle, already foretold this 2,000 years ago as well, “*For the invisible things [anti-matter – spirit] of Him [God] from the creation of the world are clearly seen, being understood by the things that are made, even His eternal [ever living] power and Godhead [throne]; so that they are without excuse*” (Romans 1:20). The Apostle Paul knew Godly science before the physicists. How moronic can humans be?

Space, with its anti-matter is a duplicate of our physical universe. Wow! When God said by His Holy Spirit, “*Let there be light,*” it was the light of God unveiling what was hidden in the dark, open space.

### OUTER DARKNESS

Physicists and cosmologists have come to another reality. At one time, science thought space had an end, but now after thousands of years proved space keeps growing with new stars and planets continually. Some die – called black holes, while new stars ignite into nebulae and galaxies. These events take place in outer darkness of the extreme limits of space.

Once again *The Bible* wrote about the continually growth and death of stars and planets. Jude, Christ's brother, defines it very well, “*Raging waves of the sea [like pneuma] foaming out their own shame; [dying] wandering stars, to whom is reserved the blackness of*

*darkness forever*” (Jude 13).

**Like they say, “*nothing is new under the sun.*” All has been known from the beginning of creation. Physical science is derelict discovering the past truth which is already known by *The Bible.***

## CHAPTER 7

### ACCIDENTAL LAW

Science, especially those studying the universe are all excited about the creation having many dimensions. Remember, a dimension is a new way of measuring things with a new math.

### OPTIONS AND VARIABLES

Human science now knows there are at least ten or eleven new dimensions in existence. Previously, science believed only physical laws applied. There was only one speed of light as a constant. Now they know better. Man's science has found a sound or light can be from one end of the universe to the other – instantly. Physical sound has a certain fixed speed just like light. How is that possible?

Just like *The Old* and *The New Covenants* in *The Bible*, you must also know how The Laws in those “*covenants*” are applied by its administration. Moses administrated *The Old Covenant Law of Moses* just as Christ administered *The New Covenant* with a magnified law and a new way with laws that have opposite goals

*The Law of Moses* told an individual what sin is (I John 3:4). The Covenant Law produces an opposing out-

**come from each other. A new dimension meant one was wrong and there are many ways to achieve a similar goal.**

**Discounting new laws limits a person's ability to be taught. An option is a new way of thinking and doing. Science calls them variables. A variable asks if there are more ways to find a solution than one to resolve an unknown truth (reality).**

**With new dimensions, you must not only limit your dimensions of measuring reality, but how many could there be? Unless you know this you can be in deep trouble.**

**Hawking in his latest book, Grand Designs knows there are many new laws since the claim is to have eternity by gravity. That is great, but he just defined God whose very title, "The I Am," denotes unending whatever He chooses to be. Hawking is describing God without knowing it. He still has a way to go. God who can be whatever He chooses, does reveal some of His attributes.**

**God is a consuming fire (Hebrews 12:29). He can destroy everything by His presence which is why He cannot show Himself. You would burn up as He warned The Israelites (Exodus 19:10-19).**

### **IMAGE OF GOD**

**God is reproducing Himself to be exactly like Him. Adam and Eve were a miracle birth by "*a spirit.*" God**

put this spirit in each person and their future generations. There is even more according to God's science, "*For we know that the whole creation groans and travails in pain together until now*" (Romans 8:22). My, my, the earth itself including the entire universe is in turmoil and chaos.

Human reason doubts God all this despite its obvious design and law. The universe is also extremely chaotic and can destroy itself just as man can annihilate each other.

Scientists, continually, use technological measurements to warn people about the powers like tornadoes, earthquakes, tsunamis and heavenly bodies striking from space. The universe is both good and evil just like individuals worldwide.

The entire universe travails like a new baby fetus to be born. There are and will be many fake labor pains until God becomes "*All in All*" (I Corinthians 15:28).

Every jot and tittle must be fulfilled before man can be made into the *image* of God and His Holiness.

Human ideology complains about mankind and the universe's weakness of being imperfect as proof creation is not true. They feel it is all an accident. That is true in its present state. Atheists, as well as agnostics should search the *scriptures*, as diligently, as they do with man's theories.

The Book of Revelation in great detail covers how God

will make the entire universe not only new, but *perfect* and Holy. God will be "*All in All*" (I Corinthians 15:28) (Revelation 21-22). God is not only human in His "*image*," but the entire universe. The entire universe manifests all that God is and will be. How awesome and wonderful God is and His awesome mind.

### SEEK YE THE LORD

God has no darkness or ego. He is only "*love*." Human evolutionists can only measure God's motives from the view point of a carnal creature's mind. How foolish.

Unless God grants The Holy Spirit to learn about human motivation as compared to God's will is thinking God has a mind like man. In other words, they think God is less than perfect or holy. It is nonsense. Isaiah, as well as a host of other prophets, call you to seek The Lord. Why? God must be *longsuffering* and extremely patient. God's reason and motive is for you to seek Him so God can teach you the truth by granting His Holy Spirit to teach you the truths of Godly science. Humans on their own, reason from a human perspective and all its ego of self worship, rather than worshipping God who is Almighty and Holy.

Science is right in one area. The universal present laws function by accident without God. You must seek God, so out of His undefinable great love, He can teach you true knowledge and science.

## CHAPTER 8

### GOD'S ATTRIBUTES

God has one (1) name, but over twenty-four (24) personal major gifts. His name is JHVH or YHVH depending upon the nationality used. Here is what God told Moses, “*Thou shalt be perfect with the LORD thy God.*”

### LORD AND GOD

The English word in Hebrew for “*Lord*,” a noun, is “*singular*.” The definitive, as a noun, is plural which in English is God. The singular noun “*Lord*,” in Hebrew is “*JHVH*.” The word “*God*” as a noun, in Hebrew is “*Elohem*.” As a verb, showing action, the word “*God*” is always “*singular*,” meaning “*the one doing the action*.”

A comparison would be John Smith, one specific person who can do and be all these things for “*Elohem – The God*.” John Smith is the name and the verb always defined as “*one*.” Elohem is a God with many attributes and talents. To separate these skills, a king holds many titles. It is like saying the most merciful, powerful, great Lord John Smith is The King.

God has a multitude of skills and talents as He is Lord of Hosts, or El Shaddeic, The Almighty. Actually, be-

ing The Almighty God, as a singular verb, He can be whatever He chooses to be. God is unlimited. Wow!

How dare anyone compare God to a human with limited thinking and short periods of experience. We die, God does not.

Hawking, in his Grand Design book as an “*evolutionist*,” has scientifically found “*eternity*,” which is God. He needs to find out if this “*eternity*” has a mind and intellect so great and superior no human can begin to know it. Surprisingly, cosmologists are now admitting human intellect is a great mystery which must be resolved. They have researched scientifically about mankind’s ability to converse intellectually. Science has found human vocal chords are far different from any other animal.

Animals such as parrots can mimic the human voice, but cannot intellectually speak as humans to openly communicate. Animals can only make sounds like Neanderthal man and others of *the hominids*.

Humans as Adam and Eve were unique. Homo sapiens are special. When God breathed His breath into Adam’s nose, he became a living being, the first homo sapien.

Man’s science is, finally, befuddled with this evolutionary contradiction. Job, the perfect one in his ways, was lost with the same problem. He thought humans could be perfect by themselves. Here is the lesson God taught Job, “*Who is he that hides counsel*

[taught the truth] *without knowledge* [facts]? *therefore have I uttered* [spoke] *that I understood not; things too wonderful for me, which I knew not*" (Job 42:3).

Job was like many of today's scientists. They all, along with Job, believed mankind could become perfect on their own. What Job forgot was, he had an advantage evolutionists do not, "*I have heard of thee by the hearing of the ear; [prophets preaching] but now mine eyes sees thee [a vision]*" (Job 42:5).

Job followed "*the preaching of the prophets*" of old as Hebrew 1:1 foretold. Evolutionists, who think the universe came about by accident, refuse to investigate every last possibility. If they did, they could have saved themselves thousands of years of partial study.

Preaching by anyone is not enough, but takes constant, in depth study, as individuals with *free choice* who study not only science, but history and confirm all by formula contained in the Bible (Philippians 2:12). After God revealed Himself to Job in a vision, he immediately repented in sack cloth and ashes like the dust he came from (Job 42:6).

## THE GODHEAD

Paul preached not only "the invisible things" of God are revealed in the universe, but including the complete Godhead. Romans 1:20 writes not only The Power of God can be known by studying the universe, but all The Godhead itself. What can "*science*" by physical laws teach, but not able to learn? This JUST

what Job learned. As Job, could not totally, comprehend and know The One God is impossible.

Job deduced that finding The Mind of God is not possible for human science or anything else. His mind is far superior to humans or any other beings (the angels), “*For as the heavens are higher than the earth, so are my ways, and my thoughts than your thoughts” (Isaiah 55:9). That is exactly what Job learned. Human preaching does not give the whole story of how and why God created or will create. For us, at times, to be humble is enough (be teachable) or we need to see God in heaven as Job and many of the prophets did.*

The Apostle Paul wrote, Christians will “*only comprehend*” God “*in part*” until they are exactly reproduced in His *image*. Then, they will be resurrected in the garments and clothing of God (God's goodness).

Christians will be glorified and dressed in His exact likeness, just like Christ. Christians will then be “*eternal*” with the very power, love and thinking like God. Individuals will know Him because they will be what God is in all His “*glory*.” God who will be “*All-In-All*” (I Corinthians 13-15).

Until then you will need to study God's “*science*” which is factual knowledge as opposed to only understanding “*in part*.” God told you, until you are perfect (sinless) and Holy (pure) like Him, you must keep learning Godly “*science*” through the study of the universe about everyone and everything.

**When you are “as a baby” with humility and are willingly desiring to have God teach you so you can become a Son of God.**

## CHAPTER 9

### OUT OF NOTHING

*“Ex nitro”* in Latin means *“out of nothing.”* Man’s *“science”* can never begin from nothing its an impossibility. Finally, *“quantum mechanics”* has admitted *“gravity”* is *“eternal”* and is God. At least, they now start with a *“singularity”* which is *“eternal.”*

### GODLY REPRODUCTION

*“Life,”* therefore, can only come from *“life”* and *“not from nothing.”* Discovering eternity which is always existing is a state of being infinitum. Man’s *“science”* has, finally, come to the *“knowledge”* that God always existed as *“gravity.”* This as an admission is that a powerful being was always there. You have discovered one Godly attribute, but now you know God, by His *“intelligence”* and *“thoughts”* are so powerful. God from His being can choose to be revealed at any time.

Whether humans reproduce themselves from male and female, so does God. You also know God is *“dominant”* because only the male can give life of Himself. He is also female, which is why Eve came out of Adam. Human males also have the female components within them. God, from Adam, separated the female caring, nurturing parts of Adam to become an individual fe-

male. The purpose of God is to make them our flesh as in the beginning as Sons of God. When God created a new system of separation, He also, within them, had reproductive qualities. Human sex was born. Just as God is going to unite The Heavens and The Earth, so is God doing the same with man and woman. As *scripture* tells you – “*what God has joined together, let not man pull asunder.*”

God's process of reproducing Himself means everything created had to come from within God Himself. “Nothing” can produce “nothing,” “*No man hath seen God at anytime, including Jesus, the only begotten [created] son which is in the bosom of The Father, He [Christ] hath declared Him*” (John 1:18). That is a mouthful. Christ came out of the bosom of The Father, just like all the rest of mankind. God is reproducing Himself like any man and woman. God could have left Adam without a help mate. But God decided being alone would not be good. Why? God is “*love*” and His “*goodness*” knows each human must share with others of like kind.

Having creative powers to make more and more things does not allow the “*love*” of God to share those things. That is why when one mate dies, the other inherits everything, including family and all they produced together. That is “*love*,” which is what God is. It would be a sin, if an estate, built by the male and female, would be given to someone who had done absolutely nothing to create the estate. A family, therefore, must pass on an inheritance, one to another, to continue growing the estate and, therefore, generating jobs for

strangers who are not part of the family. Giving an estate to strangers (a gentile) is, therefore, “**a grievous sin**” hurting everyone. What a perfect Holy Loving God. When God becomes “*All In All*,” you will be united as one huge family, composed of Sons of God at that time. As a Son of God, you will be profiting and building a larger and larger house with a perpetual growing estate.

Christ is sharing His Father’s Throne and is building mansions for His Bride (John 14:1-2). That is why Paul told Timothy, God’s “*house*” is a “*Great House*” with all kinds of vessels – both honorable and dishonorable. Some more valuable (higher quality) than others. Those more productive receive greater individual rewards while those less profitable receive a lesser reward, until everyone, potentially, become a Son of God (Revelations 21:7). Sons will all inherit all things created by God. You have just learned the entire story of *The Bible*, The Alpha to The Omega.

This journey through the universe and mankind’s place in it, continues to the next pilgrimage after the book of Revelations. The Kingdom of God is comprised of all God is and never ends. Godly “science” does not stop. God is “*eternal*,” always creating more and more. The family of God, likewise, living in The Great House of God, is expanding for all Sons of God to inherit and, thereby, being more and more productive eternally. Since Jesus is every Word of His Father, there is not enough space in our world to contain all the books which need to be written (John 21:25). “*Infinity*” is “*forever*” with more challenges, inspira-

tion and abundant eternal joy for all of the world.

### HUMAN SCIENCE IS WEAK

“The Age of Reason,” depending upon human intelligence, does not possess the ability to keep up with God’s level of superior intelligence. Humans could never find the “*Mother of All Theories.*” They are forever learning, yet never coming to The Knowledge of The Truth without God.

In your human flesh, you are too weak and will always sin by “*missing the mark.*” Satan told Eve that God knows humans will become Sons of God. God does not want you to learn the hard way with *pain, suffering and death.* Physical science discovered by man is a tough and rough road, but always ending in death. Already, technology has advanced to the point where world genocide is getting closer and closer. Why does anyone bother? Let God do the work so there will never be hardship, pain or death. God guarantees His Science is taught gently, fruitfully productive, with a neutering manner and with no curse, but with joy in eternity, forevermore (Deuteronomy 32). It is called – *The Everlasting Covenant of God.* Which way makes more sense to follow? Man’s “*science,*” in “*the school of hard knocks,*” or the most enjoyable schooling a Disciple of Christ and God could have experienced. The choice is yours.

Now to examine some simple questions regarding whether “*accidental*” evolution can ever make sense.

## CHAPTER 10

### HOW CAN IT BE?

Options are human choices of what could be. Variables are how many possibilities are there. Are there other ways besides what man's "*science*" has tested. Could there be a variety of other options which can tested mathematically and be true?

### HUMAN NATURE

As many people are in the world is it be possible there are multiple ways to do things which can prove just as successful than just one way?

Some parts of the world wash clothes by hand. Some pay others to do it. Others use mechanized technology to wash clothes. As they say, there is more than one way to skin a cat.

How about math? For centuries, mathematics was taught one way and then a few decades ago a new math had been discovered. It is faster, quicker and easier to do. Possibly there may be "*an instant mathematical system.*"

God declares even the human mind has the ability to do whatever it chooses to do (Genesis 11:6). Entrepreneurs create jobs for the world. Whether it be laun-

**dry soap, cooking, traveling, investments or whatever humans need or desire. There are multitalented ways to duplicate those tasks or businesses to do the same thing. It is unending, as far as human ideas to come up with, in order to be successful.**

**How do you know man's "*science*" is the only way and no other? The medical profession itself varies greatly to heal the sick. Chinese medical doctors follow a completely different "*methodology of healing*" than the western concepts.**

**Even in The Western Civilization's medical practices vary greatly. Which is the best or which is correct? On and on it goes. Nothing is developed or inspired by the human mind that is "the end all" of "all end alls." Pontius Pilate said, what is the truth? He knew how misleading humanity can be with its weaknesses.**

## **UNANSWERED EVOLUTIONARY QUESTIONS**

- 1) There is no answer how everything started, a true singularity or point of origin. Whatever comes about "*something*" had to start it. A beginning must exist to start something else. Gravity cannot come from itself.**

**Finding the process as to how gravity works in quantum mechanics defines its beginning. To say it is eternal is not final. They are always looking for The Mother of All Theories to be found. What really started the universe, "*the***

***whys***” and ***“the hows”*** need to be investigated, in an attempt to know.

- 2) **No evolutionary proof.** Science has proven species mutate as God has shown thousands of years ago. No new species evolved from one to another.

Evolutionists have been stumped kind after kind and the kind does not slowly change into another species, not one.

A new guess has been conjured by Science. Instant change occurs into new species when enough development has been transferred to create a new kind of species.

Besides never finding such ***“an instant change,”*** let alone the possibility of many new species at the same time, Science has opened a pandora’s box of problems.

- 3) **How long must one wait?** To couple all matter in the universe in one kettle and stir the many possibilities which can be manifested. Not only should one new species come about, but millions and millions of new species should be exploding all the time. But no one can find one.

Not only is this a boiling question, but the universe varies like temperature elements such as the water or desert, mountains or the differing

elements are not in one pot but in many pots. The universe contains a multitude of varying elements and compounds.

They think they should be evolving by accident into multitudes of new species and some are down right ugly with no purpose or design.

- 4) Intelligent design. Intelligent design means just that. Physical design requires laws. "*Laws by accident*" make no sense. The entire universe with all its variety follows one law.

Why does light sound, travel at one speed? The physical universe makes it possible for us to apply physics with specified laws. Why does it have to be so with all the variety?

Options and variables should reveal a multitude of laws. Now in new dimensions, different types of space have different laws, but still serve the intellectual design. There is a decisive set system in place, having life that starts a gestation period, a maturity and death followed by a rebirth.

Whether human, astral or of divine origin, all follow a set pattern and that is intellectual design. Thousands of years ago, Godly "*science*" foretold its future when a new birth would transpire just like a babe in gestation waiting to be born (Isaiah 66).

**All universal activities follow this reproductive system, whether human, astral or Godly. That is “intellectual design” and not by accident.**

- 5) Quandary of limited time How long did the pollination of trees, plants, flowers have to wait for bees, hornets, etc. to evolve to have cross pollination for plant life to thrive?**

**How long did man have to wait for families to evolve to reproduce. If both evolved at the same time, how did they find each other and where did it happen?**

**With a world intercommunicating by the internet, man and woman cannot find each other to reproduce as mates. Maybe the woman was first.**

**Accidental “*evolution*” makes no sense. There are too many unanswered probabilities. What a mess. “Order” with “*design chaos*” has a time problem.**

- 6) Thirteen billion years Physical science puts the universe at 13 to 15 billion years old. How can this be? How many options and variables have been used to make such a comparison or time line.**

**Scientists will always be finding new hypothesis to measure what was not known before. Every additional option has to change the age**

of the universe. As more “*science*” is explored and discovered “time and ages” are not long enough.

- 7) Exploring possibilities Has anyone determined all options and variables? Of course not. No one could be at the place. Man’s *science* will once again have to totally change how human “*science*” should proceed in its methods. Everything once again will have to change completely to determine the truth.

Godly Science has a specific definitive goal and purpose. He is reproducing Himself so we can live a secure, productive and eternal life in a perpetual paradise of joy and bliss. This is simple and clear. Human reason constantly proves itself false and needs to start over again. What a mess.

God’s Science gives you truth “*in advance*” which is “*prophecy*.” Prophecy becomes history which can check and prove God. Christians and those with inquiring minds who choose God can have substantive faith and proof (Hebrews 11:1).

Human reason is very changing demanding blind faith just because it is “*politically correct*.” May God give you the grace to make the right choice. Do you want the hard, painful way to learn the truth or God’s way with blessings, happiness which can lead you straight to an Eternal Paradise? This is the prize or The Gift of God has for you when you want to find “the truth.”
